We are preparing to receive a large invoice of goods. To make room for this enormous stock, we must have room. To make room, we must dispose of our goods. To dispose of our goods we cannot do better than give them away to our customers. Now, then, if you want dry goods, clothing, boots, shoes, notions, etc., just drop around to the Opera House corner and interview us. Our prices are down so low that we could not dispose of them any lower without giving the goods away. Now is your chance, for the next thirty days we will be just slaughtering goods. This is the depot from which to lay in your supplies. Watch the faces of our customers as they leave the store; notice their contented looks, for they are satisfied that they could not save money faster than by trading with us.

LATEST BY TELEGRAPH.

Albany Paragraphs. ALBANY, Aug. 3.—Last evening about six o'clock the guests of the Waverly hotel were startled by two sharp pistol shots ringing out in quick succession in the upper hall of the building. Upon an investigation it was found the participants were a young man by name of Barney Wilson and Nick Zimmerman, one of the proprietors of the hotel. Some three or four weeks ago Wilson came to the hotel and secured employment as a dishwasher. During the time he was employed several minor articles were stolen from the house and Wilson was suspected of taking them. Mr. Zimmerman being in the country at work, returned on the evening before the shooting and discharged Wilson. The first shot entered Zimmerman's breast just above the nipple on the left side, and is supposed to have ranged upward, where it lodged. The second shot penetrated his left arm just above the elbow, and the ball was extracted. Mr. Zimmerman is resting easily, but being unable to locate the ball his condition is considered dangerous. Zimmerman is a German about twenty-six years of age and a steady young man.

Lost on a Glacier. OMAHA August 2.—The Bee prints a letter from Bruce, its Alaska correspondent, detailing his experience in Glacier bay. For two days he was lost on a glacier, but finally reached shore, in an exhausted state. During the time he witnessed the wonderful mirage of "The Silent City," first discovered by Professor Willoughby. Bruce will shortly start on another trip to Glacier bay with Willoughby. Bruce is the man recently reported lost in the glacier.

Emperor William Visits England. LONDON, Aug. 2.—A brilliant sunshine and cooling breeze prevailed at Portsmouth this morning. Nothing has been done in regard to the jurisdiction of Behring Sea.

Had Sixty-nine Children. Those who are anxious to remain in the flesh beyond the ordinary duration of this mortal life will be interested in the habits of the Turk who has recently died at Haddatha aged 130 years. Old Hadji Soliman Saba had seven wives, all of whom had died before him; he was the father of sixty sons and nine daughters, who have gone the way of all the flesh, and the year before his death he was thinking of marrying again, but could not obtain the necessary funds to buy a bride. Saba was a farmer unto his life's end; his diet consisted mainly of barley and bread, beans (vegetarians take note) and water, and only twice a year, on high festivals, did he eat meat. His clothes were even more simple than his diet, consisting of a shirt only, and when he traveled, a pair of trousers. His bed was a mattress

That Settled It. "That settles it," said a prisoner whom his honor sentenced to the work house for sixty days the other morning. "Settles what?" asked the officer to whom the remark was addressed. "I have been troubled in my mind whether to go down to Newport or up to Mehana this summer. Now I won't have to go to either."

About three hundred Chinamen have engaged passage for their native land, per ship "Coloma," which sails again in October, says the Portland Welcome. Of those who depart not five per cent will ever again return to the United States. At the rate Mongolians are leaving the country there won't be 10,000 Chinese on the Pacific Coast in ten years. The limited number now here have become extremely independent and demand outrageous wages for their labor. Chinamen who six years ago readily accepted \$15 per month for their work, now demand \$30 and \$40 and become employer should their would-be employer even hint at a sum less large.
